

# Vision

Reimagined as an educational innovator empowering students to lead and thrive in a global community.

## Strategic Priorities

The Student Experience  
A Thriving Future  
Optimizing Community

## Mission

University Lake School delivers an incomparable education through the pursuit of academic excellence and the development of the whole student in a unique learning environment that fosters intellectual curiosity, original thinking, personal integrity, and character through service.

## Branches of the Pine

Intellectual Curiosity  
Original Thinking  
Personal Integrity  
Character through Service  
Original Thinking

### Goals

### Strategies

**By 2025, our global curriculum will equip all students to be critical thought leaders and stewards of humanity.**

- Articulate and execute continuity of philosophy and programming from pre-primary through graduation.
- Innovate vertically and horizontally aligned curriculum, technology, and program enhancements that broaden students' global views and prepare them to thrive in the global community.
- Enhance the flexibility and personalization of the student learning experience.
- Inspire and equip world-aware students to engage in positive global change.
- Expand development opportunities for professionals that advance a culture of innovation.
- Optimize experiential learning by embedding outdoor and community-based curricular opportunities.

**By 2025, our professionals, resources, and facilities distinguish University Lake School as a preferred destination for learning.**

- Become the choice for families seeking an innovative, student-centered, and globally-aware education.
- Establish sustainable global and local recruitment strategies.
- Improve campus facilities and resources to ensure they are cutting-edge, modern, sustainable, and reliable.
- Continuously improve the uniqueness of our learning environment in ways that meet student and family needs.
- Capitalize on high stakeholder satisfaction and loyalty levels.
- Commit to providing professional development and compensation packages that attract and retain high quality staff.

**By 2025, our increasingly diverse community reflects a culture of belonging where individual uniqueness is valued and celebrated.**

- Proactively advance the health and wellness of the whole student.
- Increase diversity through inclusive policies, practices, open dialogue, and strategic partnerships.
- Expand resources to give agency, opportunities, and access to people of diverse backgrounds.
- Establish structures and processes that cultivate a vibrant school spirit, sense of belonging, and active engagement of students, parents, and professionals within and across grade levels.
- Ensure all students are known, valued, and empowered to shape their own paths.
