

# Family Giving Guide - A ULS Tradition Since 1956

University Lake School depends upon the generosity of everyone in our community to sustain and advance the mission of the school. You can make a difference at ULS. There are many ways to contribute.

## Support ULS now with a gift to the Laker Fund

Tuition and fees do not cover the full cost of a child's education. The Laker Fund bridges the gap to support many daily needs — from soccer balls to faculty salaries.

All gifts are appreciated — whether it's \$5, \$25,000, or somewhere in between. The right amount for your family will make a difference at ULS.

You can contribute by check, credit card or appreciated stock. Monthly giving is available. All gifts are tax-deductible as allowed by law.

Please consider making your annual contribution by December 31.

## Ensure ULS future with a gift to the Endowment

Help make a robust ULS education possible for students in the future by making gifts to the ULS Endowment.

The Endowment is comprised of donor contributions that are carefully invested and managed in perpetuity according to policies set by the Endowment Committee of the Board of Trustees.

## Participate in a special fundraising event

The Spring Auction and other social events for the adult community provide an opportunity to showcase the school's programs while raising funds for specific needs. Please watch for these opportunities in the weekly newsletter.

## Questions or other ideas for your philanthropy?
